Bowling Club

The Vilamoura Lawn Bowls Club was established in 1993 and actually has about 24 members all year round, some Portuguese, but mainly British living in the Algarve, plus circa 30 bowlers who come to the Algarve for a long stay in winter time. Some of the clubs members have played in international events and in the Worthing Men's Open and were consolation pairs runners up. A Portuguese team mainly represented by two national players have participated in the European Teams Championship involving twelve countries.

Bowling Greens

There are two championship size greens (fourteen rinks in all) with natural grass (Penn cross creeping bent grass *Agrostis stolonifera*) from Oregon State University USA. The greens are in pleasant surroundings with flowers, shrubs and trees. There is an attractive bar/snack bar situated in an open space with a car park, where light meals can be served as well as hot and cold drinks. There are open competitions every Tuesday, Friday and Sunday which you can enter at no extra cost.
